American music can find it's start in the early 18th century, mainly centered around church psalms. Much of this music had been brought over from English churches and it symbolizes the start of Music in the United States. These religious songs dominated America .

American music history was compared to the much longer historical record of European nations, and was found wanting, leading writers like the composer Arthur Farwell to ponder what sorts of musical traditions might arise from American culture, in his Music in America. Native American music: Native American music, music of the indigenous peoples of the Western Hemisphere. The Americas contain hundreds of native communities, each with its own distinctive history, language, and musical culture.
