Leaving Time was such a mixture of characters, stories and subplots that for me just didn't flow. Maybe if I was an elephant fanatic I would of found it more interesting. To me it was like putting a nonfiction learning experience into the middle of a novel.4/5.

Leaving Time is the twenty-first novel by popular American author, Jodi Picoult. Alice Metcalf is a scientist whose field of study is grief in elephants. Alice has been missing for ten years. Jodi Picoult is the #1 New York Times bestselling author of twenty-five novels, including Small Great Things, Leaving Time, The Storyteller, Lone Wolf, Sing You Home, House Rules, Handle with Care, Change of Heart, Nineteen Minutes, and My Sisters soyblancaalcala.coms: K. Jodis new novel, Leaving Time, was released in the US, Canada, and Australia October 14, , and in the UK on 4th November. year-old Jenna Metcalf is on a quest, searching for her mother, Alice, an elephant researcher, who disappeared 10 years earlier after a tragic accident at their sanctuary for former circus/zoo elephants in New England. Leaving Time is an extraordinary story with good developed characters. Although I understand the author is desperately making a point about the extermination of elephants across the world, the plethora of tragic stories about elephants deaths upset me/5.

The ebook title is Leaving Time: A Novel. Thank you to Madeline Black who give us a downloadable file of Leaving Time: A Novel for free.
